

Qingdao Donghai Package Industry Co., Ltd.

Conformity of LDPE Blown Film For Packaging Purpose

in compliance with GB4806-1

1.Product Name: LDPE Blown Film For Packaging Purpose

2.Materials and resin name (CAS Number):They are stipulated against the appendix A of standard GB4806.6. All the names of the chemicals in copolymer should be stipulated

3.Specific migration limits on the chemicals

Chemicals Name	CAS No.	FCA No.	Page	Max Usage Limit/%	SML/QM mg/kg	SML(T) mg/kg	Compliance	Other
Polyethylene	9002-88-4	FCA0953	73	No Limit			GB4806.6-2016	
Polymer of 1-butene and Ethylene	25087-34-7	FCA0102	10	Drying Weight Loss(100°C,2h) ≤0.15%; Burning Residual≤0.20%; n-hexane extract (Back Flow, 2h)≤2.00%			GB4806.6-2016	
Polymer of 1-hexene and Ethylene	25213-02-09	FCA0106	10	#	(1-hexene SML)≤3		GB4806.6-2016	
Erucamide	112-84-5	FCA0910	70	#			GB9685-2016	
silicon dioxide	7631-86-9	FCA0759	60	NO Limit			GB9685-2016	
Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate)	6683-19-8	FCA0140	14	Usage≤0.5%			GB9685-2016	

4. Regulations and standards followed: GB4806.6-2016 National Food Safety Standards Plastic Resins for Food Contact, GB4806.7-2016 National Food Safety Standards Plastic Materials and Products for Food Contact, GB 9685-2016 National food safety standards Standards for the use of additives for food contact materials and products and GB/T 4456-2008 (Enterprise product standards) etc

5. Total migration compliance status; (finished products only)

6. Other situations that require declaration; (such as conditions of use and other restrictive requirements, etc.)

Declaration: This company should be responsible for the truth and reliability for above contents and willing to bear all legal liabilities arising therefrom, if there are any untruths.
